ALEX & BARBARA

My best friend is Barbara and she's a bit over-sexed. What's strange is that I never thought of myself as a lesbian until she and I had been doing each other for more than six months. Then it just hit me out of the blue: I like girls! Or at least, I like Barbara. Now I just can't stop thinking about banging her.

When Alex and I started our relationship, I never thought it would get physical. Yet , day by day, as we got to know each other better, it was like we were meant to be together, or at least to fuck each other. Now all I want to do is taste her pussy and have her lick mine. I can't wait for the next time. Watch us now. It's a hot little lezzie scene we know you'll enjoy.

A close-up photograph of a woman with dark hair lying down on a red, diamond-patterned surface. She is looking upwards with a wide-eyed, open-mouthed expression of surprise or shock. She is wearing large hoop earrings and a multi-strand pearl necklace. Her arms are raised, and her skin is fair.

I told Marcus that I did not fool around with my students. So he quit on the spot and immediately took off my jacket and blouse and bra and panties and glasses, but he said I could keep my pearls on. I did - and then I did him. We fucked for hours and all I could say was "Si, Si, Si." and at the end all he said was "Gracias."

Marcus was a very good student. Si!

Dandy Mandy...

What a body that babe Mandy has. I've been around some smoking hot babes throughout my life, but she's

as good as any of them. I like 'em tall and lean and willing to give up their booty to me. Having long hair and a mouth that will suck you dry, she's the perfect fuck doll. I hope you'll print more photos of her.

— Chris P.

For your readers:

I'm not really looking for advice or anything but wanted to share a situation with you that may help your **40+** readers, especially the married or living-with-someone couples. My wife and I had good, sometimes great, sex over the years, but as time went on, she had more and more problems climaxing with me inside her. We did, and still do, enjoy a good sex life, now that the kids have all left the house, but it is mostly oral and manual. When I'm inside her she just can't cum through straight sex so we've had to adjust.

We're aware of the obvious, her sex drive is diminished, her vaginal opening is wider (from kids) and less sensitive, I may not excite her as much, her estrogen levels are down. All that stuff makes sense but doesn't necessarily define or solve the problem. So we've decided to get a bit more creative with our lovemaking

and it has really helped. What we've done is be more inventive in our sexual positions and techniques. The hardest part (pardon the pun) has been to stick with it and not fall back into routine sex. Now, I admit that what's may be inventive to us could be normal or common with you.

We tried many positions (all in one long night and that was great!!!) and found that the ones that gave me access to her lit worked out to be the best for us. And that includes the basic missionary position. Here's why. We found that she achieved orgasm with me inside her with clitoral

stimulation. We found that if we did it without involving her clit, she just couldn't cum. So we "discovered" positions where her clit was a more integral part of intercourse. That is instead of just pumping my cock into her, I would grind my pelvic bone into her lit and she would grind back. Other times I would slip my hand down there and rub her lit while fucking. Changing positions also helped. She would ride me and I'd finger her lit and she could cum. Then we brought toys into the act and either she or I would use a vibe on her clit and found that it worked also. It also helped when we had oral sex and she'd warn me she was about to cum and then she'd quickly put me inside her and finish her orgasm that way.

So if any of this sounds familiar to you and your sex life, I hope this helps. It's not proven to work for anyone except us. Even if you don't have this problem, stimulating your woman's clit during intercourse, this will really send her over the edge. And the best part of it all – trying all the different sex positions.

Samuel K., Hartford, CN

40+ Editors,

Hi there, I'm Marissa and I'm married to a great guy named Lawrence. Ever since he told me that he fantasizes about me and my mouth at the office all day, I've done my best to make his fantasies cum true when he gets home. I am a bit of a wild one and I love to suck cock, so he's a lucky guy and I keep telling him that. It's a big turn on to me, too and it puts me in the mood to get even wilder. My absolute favorite position for fellatio is with him

standing and me kneeling on the floor.

After I start sucking he'll lift a leg and put it on the arm of a chair or the bed and so that he is opened up that area. Now I have access to all his good parts that will soon get my attention. I continue by licking his thighs and make him anticipate what's going to happen. I slowly spread his legs and start licking his balls and roll them all around in my mouth and probe them with my tongue while they are both in my mouth. For you gals, I had to practice this since putting two hairy balls in your mouth can be a bit of a turn off. So, he shaves them clean or I do it for him. That's also a big turn on for the both of us.

Lawrence's been reading ver my shoulder and it seems he's getting excited again because he's now pulled out his cock and wants me to play with it. "I can't right now, I'm typing. Don't you want me to finish this?" Hold on, I need to take a break for a few minutes.

So where were we? I stroke his penis as I still have his balls in my mouth. Nothing too hard or fast because I don't want him to cum just yet. There's a whole lot more to go. After warming them up, I back off and suck his cock head for a minute and then I'll suck one of his balls back into my mouth and swirl my tongue around it and then I'll set my attentions on the other one. He says it's like having soft, warm fingers playing with them. I am sure to lick all around his balls, the base of his cock and that sensitive area behind them. With his leg up, it's easy to reach and he loves it.

By now, he's really excited and his cock is rock hard and he's begging me to take him fully into my mouth. I start going upward, licking his shaft as if it were a popsicle. At the head, I circle it a few times with my

lips and wiggle my tongue into it's little slit all the while making eye contact. Then I take him into my mouth as far as I can.

With all the practice I get, I can deep throat him easily and not gag. Earlier

on, I would gag, but learned to relax my throat muscles and not I can take it all the way down to the base. While he's not huge, about seven inches (yes, we measured), he is thick. He likes it when I squeeze the base of his cock and it seems to make him even harder. It turns him on even more when I moan, make

Flower power...

Thank you for one hot lay-out with Flower. She's one hot fuck. The photo spread on her was really

sexy and it looked like she enjoyed doing it. Shoving that dildo in her hot ass and letting us see her do it, damn! She proves that women who like to take it in all three holes are the hottest on the planet. If you guys have never been with a woman who will take it in the ass, then you don't know what you're missing. If you just touch their skin while having sex, you can actually feel the heat in their body, and that drives them wild. Add the sweet smell of their sweat and it's a sensual overload.

I'm lucky enough to be married to one and our sex life is just as hot as it was on our honeymoon more than thirty-five years ago when she first let me fuck her ass. Her blow jobs were and are still the best. If we don't fuck, she'll suck my cock for hours. And, by the way guys, she looks just like Flower!

slurping sounds and make eye contact as I do this. With my free hand I'll fondle his balls at the same time, or play with his asshole. This is something he eventually let me do, thinking it was too gay at the start, but then realized how good it felt.

During the sucking, I make swirling motions on the underside of his shaft. He likes it when I do all different types of swirls and pinches and nips to every part of his cock and balls. We play this little game if he can figure out the letter or number I'm making with my tongue or fingers on his cock. He's right less than half the time and makes repeat some over and over again (I think he likes the way those letters feel). Sometimes, I'll hum as I have him in my mouth and sometimes I'll talk dirty and tell him what I'm going to do to him.

Now for the good part, as if all that wasn't good enough. I put his foot down so both are on the ground. If I can tolerate kneeling, I'll sat there, if not I'll sit on the edge of something. Either way I take his butt cheeks in each hand and pull him to me. His cock in my mouth, I can take it all and

deep. It's a good position for him, too as he can thrust it into me. But the best of all is I have better access to his anus. As I'm sucking him, I'll sneak a finger or two into my mouth to lube it up and then back to his butt. I play around the outside of his buttonhole, just breaking into it gently a time or two or twenty, whatever it takes. When I feel that it's loosened up, I'll push a finger in and gently twirl it around and in and out. I'm still working his cock with my mouth and other hand and slip it down to his balls now and then. Now is the time I fall back on the bed, pulling him down with me, cock still in my mouth and he begins to fuck my mouth much harder.

Now it's his turn to do the work. I hold my one hand around his cock to keep him from smashing my nose and lips, and work his buttonhole more and more. We've gotten to the point where he can take two fingers in it and he loves it. He'll start moaning harder and louder and I can tell he's about to cum. We have an understanding that he'll tell me just before he cums where he wants to do it. Sometimes it will be on my chest, my neck, my face and sometimes he wants me to swallow it.

This is something that took a little getting use to but only a time or two, after that, and because we were doing so much of it, I got used to the taste and it actually isn't bad. Sometimes I'll slurp it up, or I'll squeeze it back out of my mouth so it drips down my chin and, his favorite, I'll hold his hips hard into me with his cock as far down my throat as it will go and it squirts straight down my throat. Yummmmmmy. Then, I'll hold his cock in my mouth and lick it all clean as he watches me get every last drop.

OLIVIA
& ALEX

Most of you know me as a brunette, but I think I like me as a blonde. That all happened when I turned 40 and went through a small mid-life crisis. Well, now that's over and I feel reborn. In addition to a hair change, I thought I would also try anal sex. It was something I had wanted to try, but all I ever managed was a finger, and that one was my own. Now I think I'm ready for it and what better way than this stud-man Alex to do it to me. He's a good looking guy with a great cock and is a great fuck. I'm ready, so let's get the cameras rolling, now!

Okay, don't get mad, but between you and me, I don't know the name of the guy I'm fucking in these pictures. We met for a moment before the shoot and he introduced himself, but I think I forgot it when he stuck his dick in my ass.

Okay don't get mad, but why would I fuck a guy who sticks his dick in my ass. For that exact same reason, of course.

Okay, so don't get mad, but we did the whole shoot without knowing his name. I sucked his cock, I let him fuck my pussy and ass and even gave him a good-bye good-fuck hug when it was all over. When I go home and write about this day in my diary, I'm going to call him my Sunday Afternoon Boy Toy, so don't get mad. Okay?

Having another child late in life was not something we wanted. But now confronted with the situation, we found the help I needed..

It wasn't something we planned, or expected – another child so late in life. Our two eldest were off to college and Marlon, my husband, and I had settled into a comfy suburban life. I'm now 43 and it's been a year since our little Bryon was born and not ready to raise another baby. After much debate with my husband, we agreed to try out a live in child carer, so to speak, an au pair. We contacted an agency with our request – a female, preferably from an English-speaking country.

Within a few long weeks we were contacted with a choice of five young women and we selected Bridgitta, a young lady from South Africa who was studying in the States. She seemed very nice in her pictures and the bio said she was respectful, a good student and a hard worker.

Three months later Bridgitta arrives at our door with the agent and a bunch of suitcases. We invite them in and sign the final paperwork with the agent. Bridgitta is twenty-one and speaks English with the cutest accent.

The agent left and the three of us sat down for dinner. Afterwards, we introduced her to Bryon and she took to him right away. We set her up in our daughter's empty room and left her alone to get comfortable. In the morning Bridgitta came downstairs to the kitchen and

said good morning. Since it was now Monday, Marlon had gone to work so it was just she and I. Over coffee she told me more about herself and her interest in being a full-time baby-sitter. She had just finished college here in Maryland and was anxious to become an American. We chatted throughout the day as I helped her unpack, and showed her what I expected of her taking care of Bryon with me. The day wound down and Marlon came home for supper and so the two of

them got more acquainted and afterwards he told me that she should be a good au pair.

The Perfect Au Pair

Last week Bridgitta came home from the market looking exhausted. I asked why she felt so tired and she said she had stayed up most of the night with Bryon and he tired her out even more than usual. I consoled her as best I could and suggested that she go to bed and rest. She did and got up in time for dinner. The next day Marlon was off to work as usual and Bridgitta was with the baby as I did some household chores and

made some phone calls to friends and set up my weekly appointments. It was nice to have time to get back to the things I missed doing.

One day, Bridgitta asked if we could go shopping for

My lips replace my hands as I gently but eagerly suck on her nipples. She pulls my head tighter to her boobs as I move from one to the other.

some clothes for her because summer was coming and she had mostly winter clothes. So we packed up the baby and headed for the mall. At various stores Bridgitta picked out a few things to try on and we checked out with a few bras and panties, and some cute summer dresses. Back at home she wanted to try on her new purchases and show them to me. I sat on the edge of the bed and she went into the bathroom to change. She looked great and the clothes were a perfect fit. I complimented her on her choices and she giggled like a schoolgirl.

With the baby sound asleep in his afternoon nap, she looks at me and starts to undo her bra clasp. I momentarily feel awkward and start to get up to leave. She says that I should stay and drops her bra to the floor. She rubs her breasts and asks if I would like to feel them. I say "NO!" but she says that they feel nice and firm and she would like me to touch them. By now I'm dumbfounded and don't know what to do. It's still a couple hours before Marlon comes home so I'm stuck. Bridgitta tells me to relax. "I know you're nervous but I found you very attractive the first time I saw you." She says. I tell her I'm old enough to be her mother. That I AM a mother. "That's okay with me," she says. "I like you a lot and I want you." "Bridgitta, I don't think this is right," I say. "But it can be. Don't you like me?" she asks. "You know I do. You're like a daughter to me," I say. "I can be much more if you let me." she says.

My head is spinning. I have never been with a woman before. She is so very attractive now that I begin to look at her like that. I feel my resistance to her breaking down. She comes over to me and kisses me softly on

my cheek and moves her face around to my kiss my lips. I find myself responding to her kiss and it feels warm inside. Bridgitta takes my hand and raises it to her breast. I cup her boob and raise my other hand to the other one. I cannot believe I am doing this. I don't know how to love a woman, but I find my face drifting down her neck to kiss her breasts. My lips replace my hands as I gently but eagerly suck on her nipples. She pulls my head tighter to her boobs as I move from one to the other. They are perfect 36 Cs with full brown areolas and perky nipples. I reposition myself, breaking contact with her breasts, so she takes advantage of it to pull her panties off. She moves in to undo my blouse but I tell her I could not let her do that. She said she understood, but would I just do her. She has been away from home and did not like any of the boys or girls at her college. I felt a bit sorry for her plight so that made it easier for me when she came closer to me and sat on the bed next to me.

I start by licking around her labia, finding my way to her clit, she grunts and tightens her legs around my head.

She said we should hurry because my husband would be home soon. I laughingly scolded her to stay away from him. She said she would because I was the one she wanted. As she lay back, she grabs my collar and pulls me down with her so my face ends up in her crotch. I say softly to her that I've never done this before and don't know what to do. She laughed and said to do just what comes naturally and to think about what your husband does to you. My sex life with Marlon had improved ever since the kids left for college, but when the new baby came, away it went.

I start by licking around her labia, finding my way to her clit, she grunts and tightens her legs around my head. I do the best I can in the tight space. Her thighs loosen and I reach in and open her lips so I can go in deeper. My tongue penetrates her hole and she arches her back to meet my motion. Even though it's only been a few minutes, I think I'm getting the hang of it. There's a familiarity to her genitalia from being a woman, so I know how much pressure to apply and what to do with my tongue. The sweet smell of her pussy is a bigger turn on than I imagined. Aromatic and sexy.

Bridgitta reaches down to open her lips and I find her clit again. It is poking out and she begins to rub it as I lick lower down her opening. I insert three fingers and she buckles at their intrusion. I finger-fuck her for a while as her pussy juices drip from my hand. Again I replace my fingers with my tongue to taste her sweetness and I find it's turning me on even more. Rolling her clit around with my tongue is something that I quite liked.

Suddenly she rolls over onto her knees and lifts her ass up offering her buttocks to me but for some reason I just couldn't go there. I did, however, reinsert my fingers into her pussy as she kept rubbing her clit. I started with one, then two, then four, leaving my thumb outside for leverage. She moaned louder as I found my fingers fucking her harder and harder. As I did, I found my thumb brushing her anus and every time it did, she moaned even louder. Daringly, I rubbed it in small circles and teased it with a quick shallow thrust of my thumb. That, apparently, was a huge turn on for her that I would file in the back of my mind if there was even a next time. After a few minutes she screamed out in a frustration-releasing orgasm so loud that I was

taken aback by it. Nonetheless, I helped finish and gave her wet pussy a little you're welcome kiss. Bridgitta falls back on the bed and smiles at me. She tells me how nice that was. Did I like doing it? I confessed that I did even though I didn't think it was right.

She said that she wouldn't let it happen again. I told her to be sure that it didn't – with a big wink. An hour later the sound of a screaming baby pierces the house and fifteen minutes after that Marlon comes home and I go to the kitchen to start dinner. I hear them in the living room talking about their day. A half hour later I say dinner is served. We finish and I offer dessert. Bridgitta – with a big wink – passes, saying she had had hers earlier.

So you want me to talk about my pussy hair? I really don't want to talk about it. But the color is real; it is really soft and silky; I haven't cut it in over twelve years; I get it permed and trimmed every six months; it sticks outside my swimsuit bottom; it holds 3.2 ounces of liquid; two years ago I had squatters in it and had to charge them rent. I told you I would not talk about it.

Let's talk about stuff I want to talk about - like how I can suck cock with the best of them. Like how my pert, pink protruding nipples are the cherry on the pie. Like how much I like to swallow because of all the good stuff in it. Let's talk about that, huh!

KIWI & RICK

I'm of Asian descent but grew up in New Zealand. That's why my accent is probably pretty strange to you Americans. When I got to the States,, I immediately fell in love with this country and the men in it.

What hunky studs you have here. We have some too, but these guys here make me wet and want to cream in my panties. When I go back home, I just can't wait to get back here and taste me some US Grade A meat once again.

I guess you can see from my pictorial that I have a bigger butt than most Asians. I get a lot of looks and compliments here that I don't get down under. It's very flattering and I've learned to use it to my advantage.
